PROFESSIONAL SUMMARY

Final-year Computer Science Engineering student with strong knowledge in Java, Kotlin, Data Structures, DBMS, and Cloud Computing. Experienced in developing Android and backend applications using REST APIs, MySQL, and Firebase. Passionate about software development, problem-solving, and building scalable applications. Seeking Software Engineering Internship opportunities to contribute technical skills and learn from industry experts.

TECHNICAL SKILLS

- **Programming:** Java, Kotlin, JavaScript
- **Core CS:** Data Structures & Algorithms, OOP, DBMS
- **Backend:** REST APIs, Firebase
- **Web:** HTML, CSS, JavaScript
- **Database:** MySQL
- **Cloud:** AWS (EC2, S3, IAM)
- **Tools:** Git, GitHub, VS Code

PROJECTS

• AI-Powered Music Streaming Application

Developed an Android music streaming application using Kotlin and YouTube API supporting 1000+ songs. Implemented search functionality, playlist management, and video/audio streaming. Improved API response performance and user experience.

• Smart Help Desk System

Built an AI-based ticket management system using Java, REST APIs, and MySQL to manage support requests efficiently. Designed backend modules for request tracking and issue management.

INTERNSHIP EXPERIENCE

Cloud Computing Intern – AWS Training Program (May 2025 – June 2025)

Worked on AWS cloud services including EC2 deployment, S3 storage management, and IAM security configurations. Gained practical knowledge of cloud infrastructure and deployment processes.

EDUCATION

B.Tech – Computer Science Engineering

Sanketika Vidya Parishad Engineering College | Expected Graduation: 2027
CGPA: 7.5
